

The Universal Key for Railway Applications

LAUNCH

01 Requirements

„In the railway industry, we work with many different key types for various applications, requiring us to carry a lot of keys wherever we go.

So we created a convenient and flexible product to better serve this industry – a universal key for 4 different inserts so that you can conveniently open multiple applications with one key.”

Andreas Preuße, Key Account Manager

02 Product benefits

Our Universal Key for different railway applications

One tool for maximum convenience

- One tool for 4 inserts:
 - Conical square insert (Berne Key)
 - Socket square 7,6 mm insert (UK insert)
 - DÜWAG insert
 - Conical square 9 mm
- Designed for increased leverage for hard to turn locks
- Integrated eyelet for attaching key rings or key bands

Durable design for indoor and outdoor use

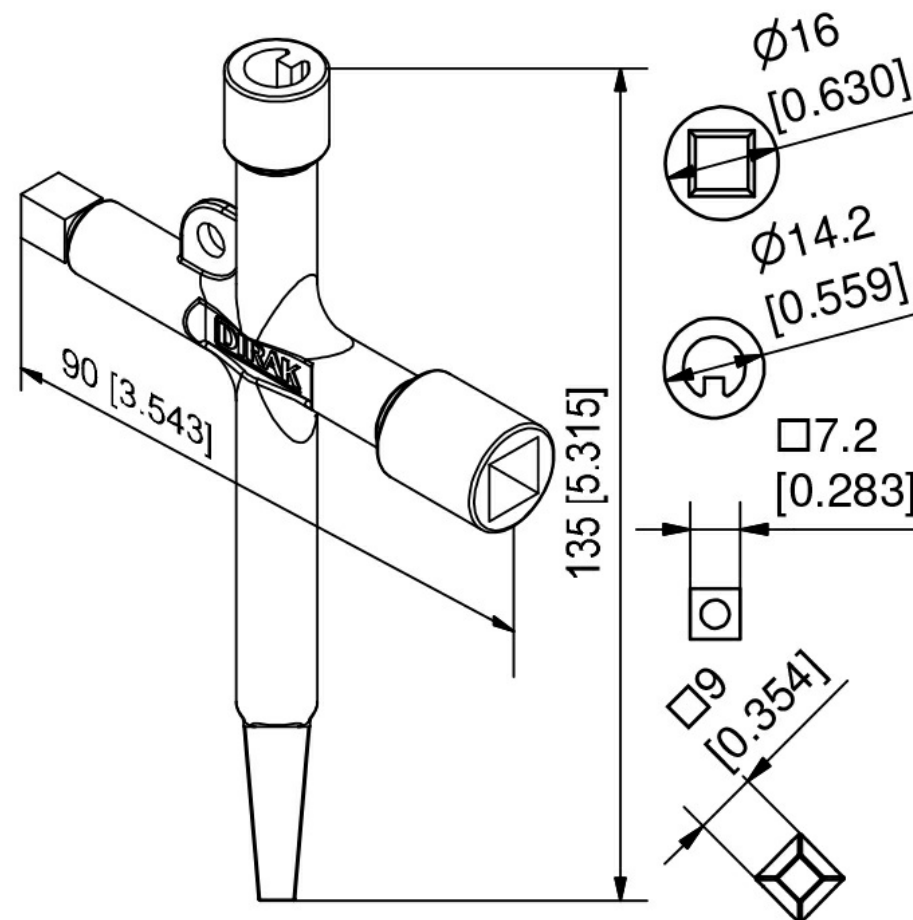

- Stainless steel for corrosion resistance
- Heavy-duty, durable construction

03 Dimensions / Order options

Material

Universal Rail Key: stainless steel, untreated
